MAD

There are some who would argue that the internet is the most important technological development of the last 100 years... that it has altered the very way we think, act and communicate... that it has led to an information revolution that will empower us and make us better citizens in the New Millennium! And it's pretty obvious that those people have never been to OUR website, because believe it or not, at madmag.com we consider this...

There are so many rumors going around these days — rumors about everything from Osama bin Laden's whereabouts to, well, Dick Cheney's whereabouts. But the one juicy bit of gossip which seems to be on everyone's minds is that the relationship between Britney Spears and 'N Sync's Justin Timberlake has gone the way of the careers of many a teen pop queen and boy band before them! Before you get too excited about your chances with either one of them, consider that every person has flaws (And not all of them can be covered up by plastic surgery!). If Britney and Justin have indeed decided to pursue "solo" careers, there must be a good explanation. And so, we ask...

What is the most likely reason for Britney Spears and Justin Timberlake to break up?
