MAD E.S.P. MANIA

As a faithful reader of MAD for many years, I have finally experienced a MAD E.S.P. encounter of the third kind. In MAD #241, "Merchandising We're Almost Sure To See And Hate!," you had Star Wars mouth wash with Darth Vader on the bottle. After reading this I went to the store and discovered your idea wasn't as far-fetched as it seemed. There were (no lies, guys) actual little bottles of Star Wars cologne and bubble bath on the shelves with Darth Vader on the labels. Tell the truth, do you guys get "leaks" from big corporations about upcoming products or do you actually have a psychic on your payroll???

Debbie Maples
San Antonio, TX

Well, yet another MAD prophecy has come true! in MAD #226 you introduced "Blah, Barfy Ballpark Beer" which was 80% tap water. Well, some nimnods in Ohio have come up with a beer that has half an ounce of alcohol *per brew*. The only problem is to get even a little happy requires a larger intake than the human bladder can hold! It just goes to show you that I'm not the only idiot who reads MAD!

Heather Hubbell
Vestal, NY

Recently, while thumbing through a magazine, I came across an ad for a talking toilet seat and immediately related it to "MAD's Updated Practical Joke Catalogue" (MAD #233) in which you showed your version of the "talking toilet device." Congratulations, guys! Another MAD E.S.P.!

Tom Coutant
Fort Ann, NY

Hilarious Talking Toilet

Causes unbelievable commotion at home or at parties. No more rest in your restroom! When victim sits down "someone down there" speaks out (LOUD & CLEAR): "Hey, can't you see I'm working down here?" or other funny comments followed by almost a minute of raunchy laughter. Attached or removed in seconds. Attractive, completely concealed sound unit that fits all toilets and contains a number of funny sayings. Operates on standard battery. Real surprise for party poopers!

SILLY NONSENSE

One of my friends said that on the cover of your Silly Nonsense special there was a picture of Ronald Reagan. Well, there were three pictures on the cover. Which one was Reagan?

RE-HASH OF THE JEDI

I loved your spoof "Re-Hash Of The Jeti." The acting in your satire was better than the acting in the movie!

THE *A* TEAM

After writing all those miserable things about Mr. T and "The A Team," I hope you guys were smart enough to get out of town!

Randy Dotinga
Chula Vista, CA

Stan Hart deserves a purple heart for having to watch "The A Team" in order to write the satire. He described this "asinine" show to a "T."

Michael H. Tavares
E. Taunton, MA

I pity the fool magazine that makes fun of Mr. T and "The A Team."

Richard Fried
Brooklyn, NY

YOU'RE NEVER REALLY 100% SURE...

...whether the letter you sent to MAD is ever delivered by the Post Office... if it's ever actually read by anyone on the MAD staff... or whether MAD will show the good taste and judgement in publishing it on the letters page!

SHARK SKINNED

I have been waiting for a satire of "Jaws 3-D." When am I going to see it?

Melissa Boylan
Albany, NY

Never! We're satirists, not bomb experts!—Ed.

I read your "Re-Hash Of The Jeti" and I noticed that Han Solo has three names—Ham Yoyo, Ham Solo and Ham Yoho. Come on, guys! Make up what little mind you have!

There are two really fun pastimes in the world today. One is kids playing Computer Games... and the other is adults preparing for a Thermonuclear War! So naturally, Hollywood, always interested in making a fast buck, combined them both recently in a film which we'll call...

WARP

Attention, visitors! Here at "NO-RED," our nation plans its nuclear strategy and tracks Soviet missile activity! In short... the very existence of the Free World is in the hands of these expert technicians!

Sir... the Russians have deployed twenty more ICBM's!

Sir... ten more Soviet atomic submarines with missile launchers are now in the Pacific!

OUR CONGRATULATIONS TO COL. AND MRS. SIDNEY MURGATROYD ON THEIR EIGHTEENTH WEDDING ANNIVERSARY

A BIG NO-RED WELCOME TO ALL THE MEMBERS OF THE MOLINE, ILL. ELKS CLUB, WHO ARE VISITING US TODAY

TODAY'S TRIVIA QUESTION: HOW MANY PEOPLE WERE VAPORIZED IN NAGASAKI, JAPAN, IN 1945, WHEN THE ATOMIC

I told you a million times! Don't ever hire a technician who worked a Computerized Scoreboard at a baseball park!

We call this "WOPPER"! It stands for "War Operations Prompt Planning & Emergency Response"!

ARTIST: MORT DRUCKER

WOW!! What a SCORE!! What are the chances of anybody getting a score like that, Mavin?

About one in a billion!

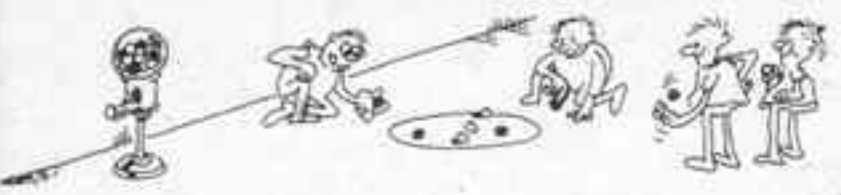

Hey, listen, Juniper! My parents are away today! How about we go up to my room and fool around?!!

Remember back a few years ago... when fooling around for teenagers was—yech—kissing, and grabbing, and making out, instead of this?!

Okay, what do you want the computer to do for us next...?

See if you can program it to rip off our clothes and take us back to 1980!

MISSILE COMMAND—BEZERK—KABOOM! DEPT.

EDGAMES

We call this one **"WIPPER"**! It stands for **"World Inter-Planetary Projectile Emergency Retaliation"**!

Uh... what do you call **THAT** room?

Oh... we call that **"WHOOPIE"**!

And what does **WHOOPIE** stand for?

Just what it sounds like! Hey, we gotta have **SOME** relaxation once in a while!!

Do you have any idea why we're so far behind those **Commies** in missile technology?

Nyet! Beats me, Comrade!

McKidtricks, what are the chances of some **computer operator** on the **outside** connecting into our **system** and possibly starting **World War III**?

About one in a **billion**, General, and he'd have to be a **brilliant Nobel Prize Scientist**!!

Thank God! Now we can all sleep nights!

WRITER: LARRY SIEGEL

Look! I dialed into the **High School Computer System**... and I gave us both **"A's"** in **"Medieval Plumbing"**!

Are you **crazy**?! We don't take courses in **"Medieval Plumbing"**!!

You're **right**!! I better change them to **"B's"**! Otherwise... **someone** is liable to get **suspicious**!!

Hey... wait a minute! I just broke into a **strange computer system**!

Hello! My name is **Josher**! I was programmed by **Prof. Falcon**, who once worked for **NO-RED**! Say, you have a **very pretty girl friend**!

And you're quite **clever**... for an **inanimate object**! Now, we can either play **"Chess"**... or **"Nuclear War"**! What would you like to do first, **Josher**?

First, I'd like to **rip off your girl friend's clothes** and take her back to **1980**!

He's a lot more **"animate"** than **YOU** are!

General, the enemy just launched a missile strike at the United States! They're going to wipe out Las Vegas!

Oh, my God!! How awful!! I get sick just thinking about it!

Cheer up, Sir, You can always switch your furlough to Atlantic City!!

Oh, sure... for Blackjack maybe!! But without Wayne Newton?!!

SCRAMBLE ALL OUR BOMBERS! LAUNCH MISSILES! THEY'RE GONNA PAY FOR THIS!

Hold it, General!! That was no enemy attack! Someone on the outside plugged into Wopper and is playing a computer game!!

Yeah... Vegas is okay... but you should see Pittsburgh!

No... but you should see it! All those dull steel mills—and not a decent cocktail lounge for miles! I mean BORRRRING!

Las Vegas is okay?

They—they NUKED it?!

Mavin Lightfinger? FBI! You're under arrest... on suspicion of operating a computer for a world power that will stop at nothing to get what it wants!!

Y-you think I'm a Soviet agent?!

No, we think you're with the CIA!!

Sir... we picked up the CIA agent who was fooling around with our computer system! Boy, those CIA guys infiltrate EVERYTHING!!

Hold your tongue, fellah! I happen to be with the CIA!

Hey, no kidding?! So am I!! You think we should let our buddy go free...?

Listen, I'm not an agent for ANYBODY! Gee, all I did was accidentally get involved with a computer that's programmed to destroy the world!

Kid, you're obviously a Commie spy! But how could anyone lock into the world's most secured and tamper-proofed computer system?! You're a—a brilliant Nobel Prize Scientist, right??

Actually, I'm a Senior at Malibu High School, studying Advanced Body Surfing and Intermediate Boozing!

That's close enough!!

Look, McKidtricks... the Commie agent is escaping with that TOUR GROUP! Weren't you supposed to punish him for that terrible thing he did to us?!

General... how would YOU like to travel 2,000 miles in a bus with 59 Shriners, 47 shpritzing flowers and 38 whoopie cushions?!

When it comes to FIENDISH TORTURE, you CIA guys can't be beat!!

What's going on, Mavin?!?
The CIA—the whole country—is looking for you!!

But... I thought
Falcon was dead!

Juniper, we've got
to find Falcon, the
man who originally
programmed Josher!
It's our only chance
to save the world!!

No, he's some-
where here in
Oregon! When he
left NO-RED,
they gave him a
complete change
of identity!!

Excuse me, Sir! Are you living
with a change of identity...?

How did you
know that??

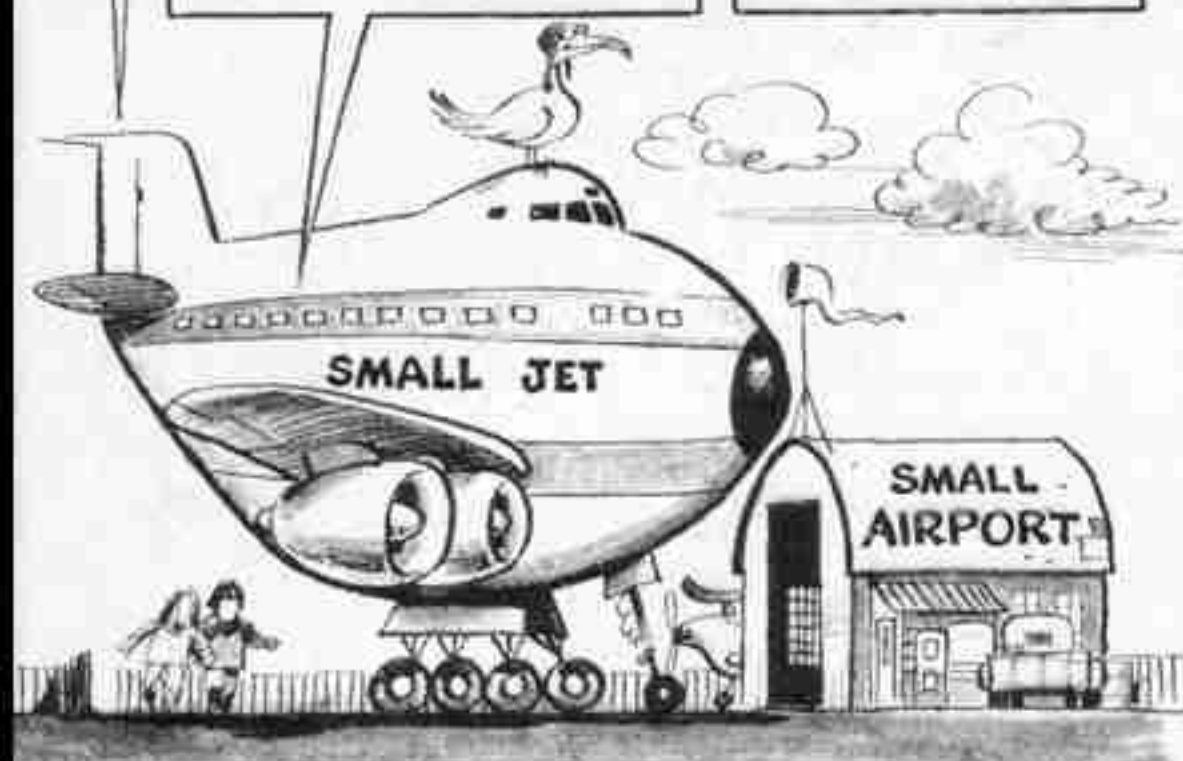

Oh... just a
lucky guess!!

Tell
us how
we can
stop
Josher,
Prof.
Falcon!

Hmm! There are **TWO**
THINGS about Josher
that I'll never
forget! One is: he
respects anyone who
is superior to him!

What's the
OTHER
thing that
you'll never
forget?

I forgot?

Enter
launch
code!
Insert

key!
D minus

counting!

Falcon...!
Thank God
you're here!
You have 30
seconds to
save the
world from
nuclear an-
nihilation!

Mavin, get on that
computer, and prove
your **SUPERIORITY**
over Josher!

Damn it...! I wish
I could remember
that **OTHER** thing
about him...!

We're at **DEFCON 5!**
Ten seconds to go!
The **ICMM's** are in
the bullpen, ready
to fly! Counting—
8... 7... 6... 5—

C'mon,
Mavin!
We
need
a
miracle!

Look...!!
I did it!!
I DID it!
I proved my
superiority
over Josher!

What
did you
DO, for
God's
sake??

I beat
him
at
Tic-
Tac-
Toe!!

We're saved!
Oh, Mavin—
I'm so proud
of you...!!

Oh, my God!! Now
I remember that
OTHER thing
about Josher...!

What
is
it,
Falcon

HE'S A SORE LOSER!!

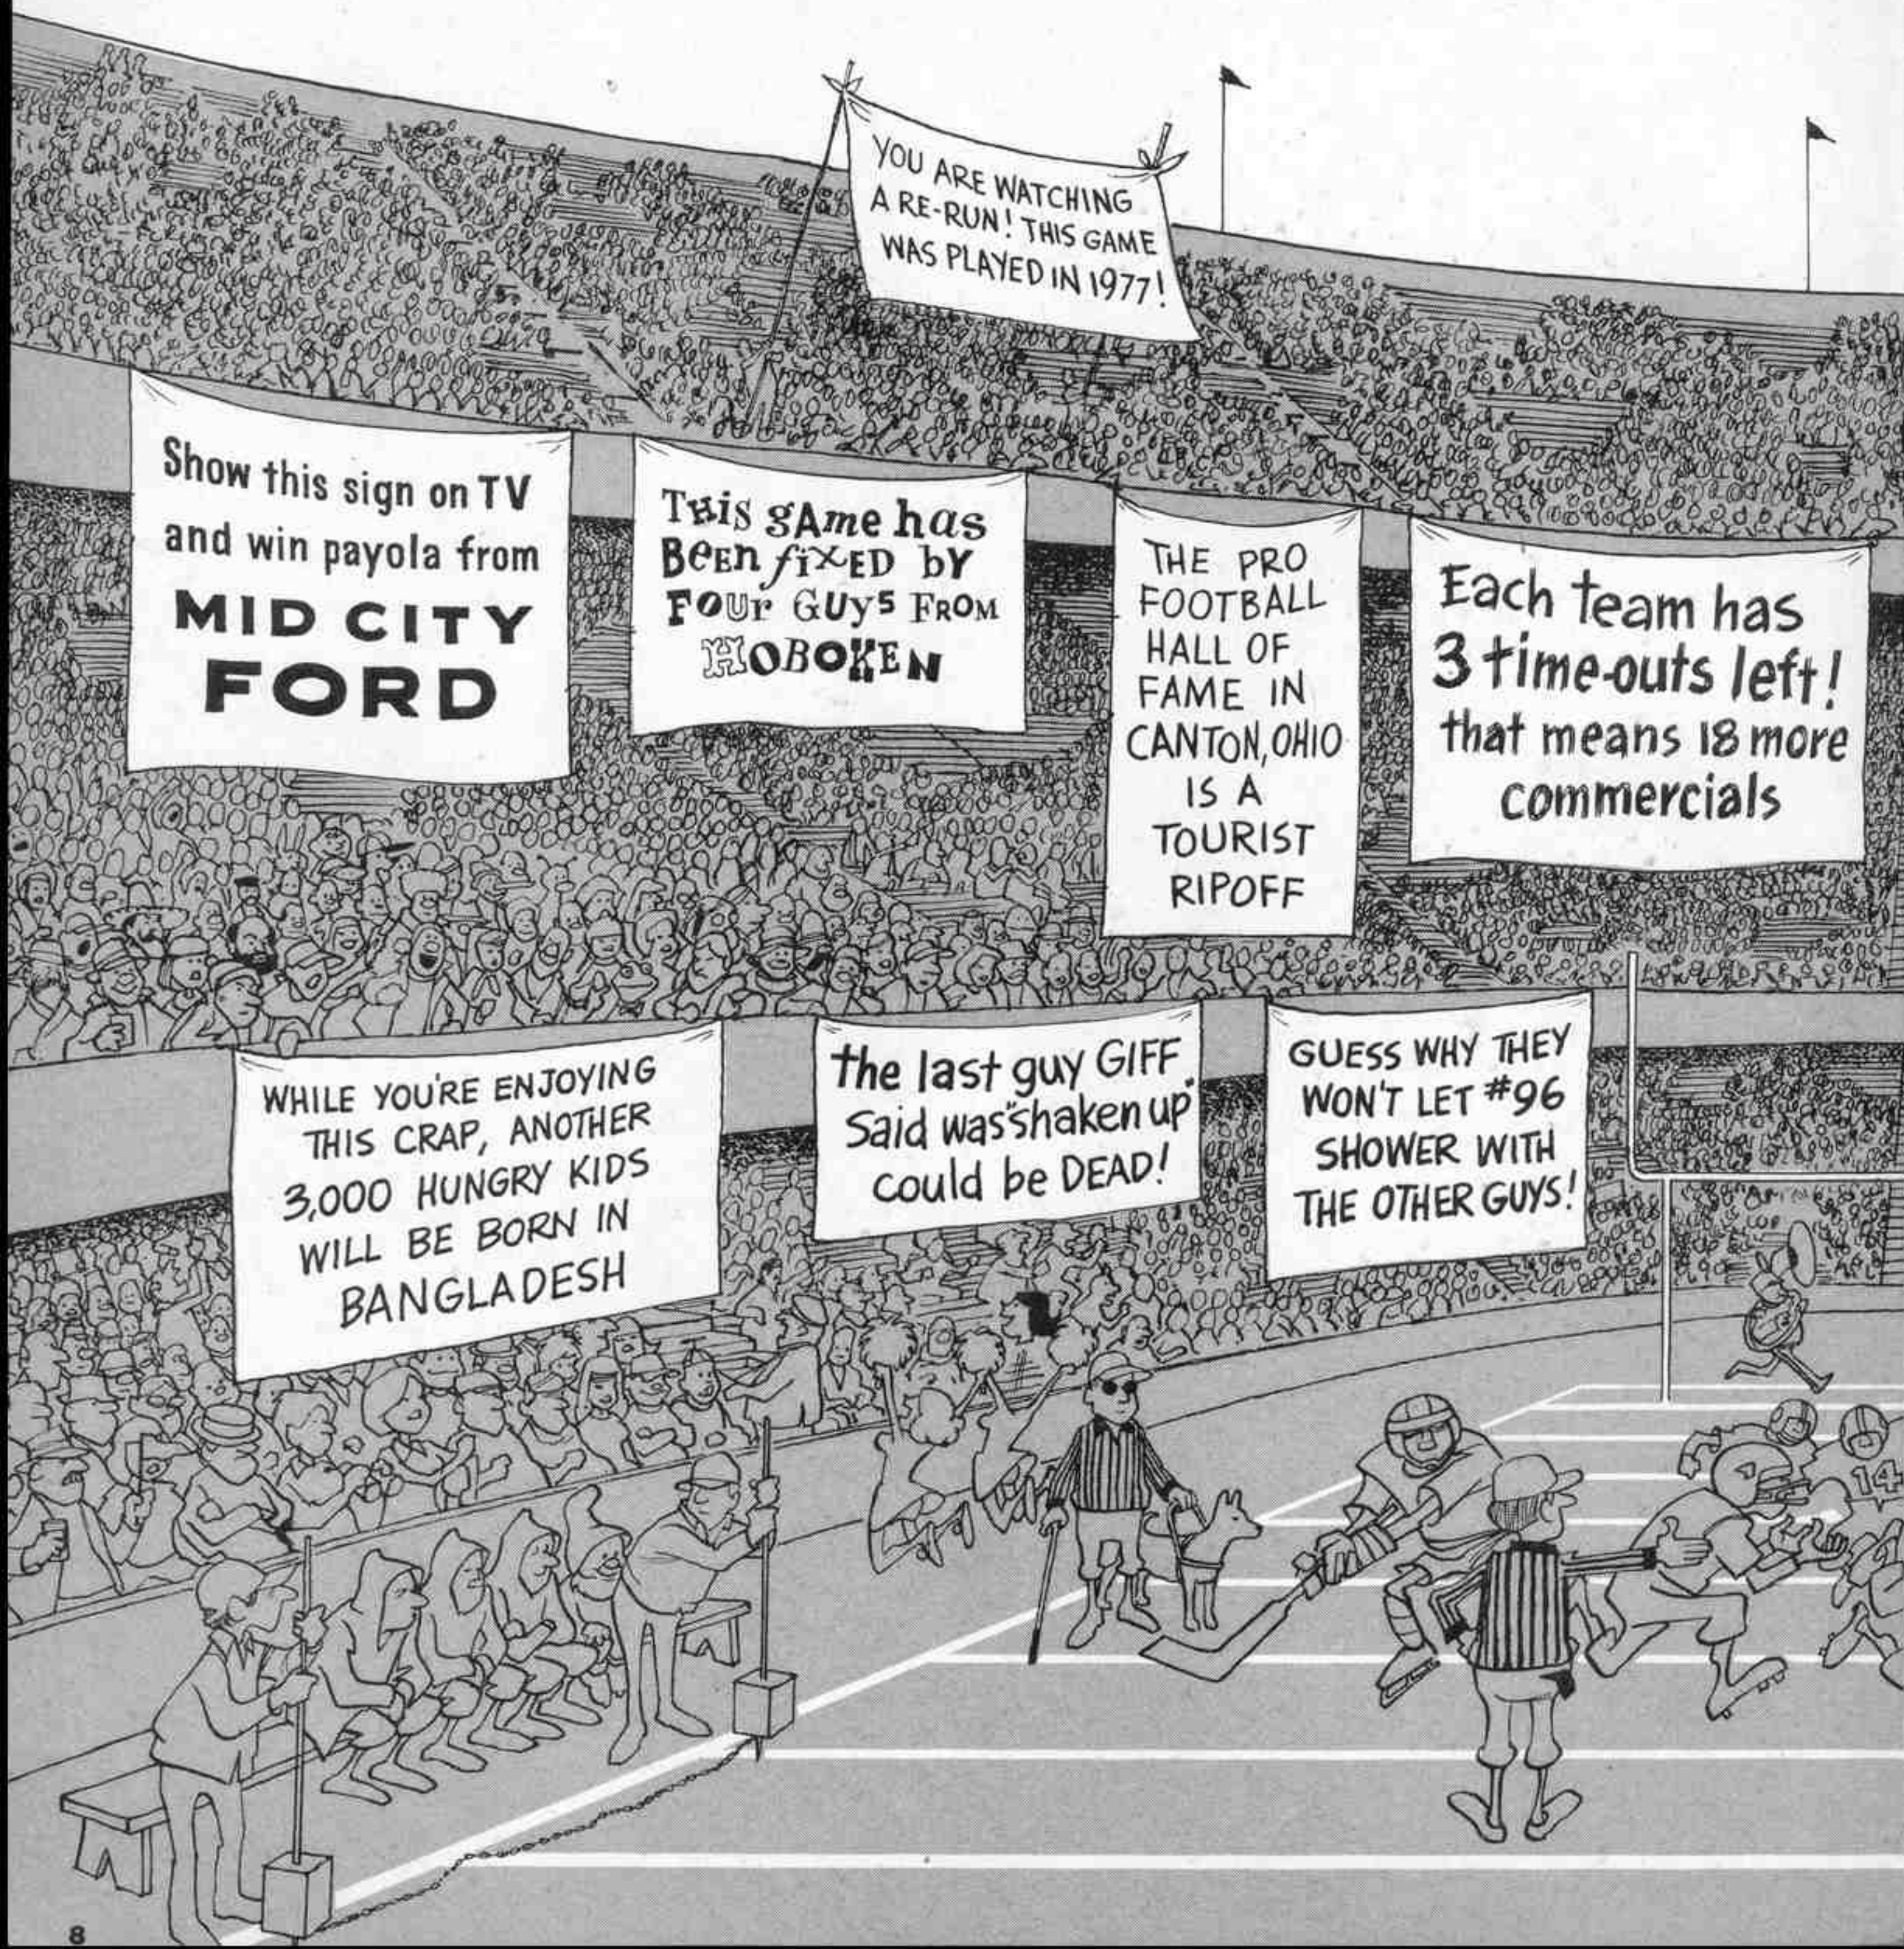

Look at it this way,
kid! The chances of
anybody **WINNING** a
game of Tic-Tac-Toe
over somebody with
half a brain is over
a **BILLION** to ONE!

Yeah...!
I guess
every
mushroom
cloud has
a silver
lining!!

We've been hearing a lot lately about how people today are cynical, jaded, sarcastic and over-critical. Back in the old days, it was supposed to be a lot different. Back in the old days, people were supposed to be simpler,

Hi! I'm Dolly Lee—a **Secretary!** And I know what you're thinking! That with a **body** like mine, I probably played "hanky-panky" with the **Producer** to get me this part! Well, I didn't! I just asked my **real-life sister, Dolly Parton**, to use her influence to get me this part!

I'm **Juicy!** The way **most Secretaries** are played on Television, they set the **Women's Rights Movement** back **30 years!** That's why I'M a **giant step forward!** The way I play a Secretary, I only set the **Women's Rights Movement** back **5 years** ...well, **10 tops!!**

I'm **Violent!** I don't take any nonsense from **male superiors!** so I keep telling my **Boss, Mr. Hard**, that even though I'm a **woman**, I can do **anything** a man can do! I told him that again **yesterday**—while we were standing at the **urinals** in the **Men's Room!**

I'm **Razz**, the **Office Spy!** I play a woman who's not above using her **body** to get ahead in this cut-throat male business world! Why, just the other day, I gave my body to the guy in **Mail Room** in exchange for a **20¢ stamp** from the **postage meter!**

I'm **Mr. Hard!** I'm the **Boss** of this department! I act **silly** and do **stupid things!** But only to make the **girls** feel **superior!** Actually, I'm a **pretty sharp, clever guy!** Now, if you'll **excuse me...** I think I hear my **typewriter ringing!**

SCHLOCK-WATCHING DEPT.

Okay, gang... you've met the cast of this idiotic TV Sitcom! As you can see, they come to work at an office in the morning... and it's—

ASININE TO FIVE

ARTIST: ANGELO TORRES

WRITER: DICK DE BARTOLO

Good morning, fellow workers!

Good morning, Violent! Did you have a **nice week-end...**?

Anything **exciting** happen to you? Like a **really hot date**?

No, no, girls! Remember my office policy! We do **NOT** start off our work day with **gossip...**! We start off our work day with a **COFFEE BREAK!! THEN WE GOSSIP!!**

Good morning, girls!

Don't call us "**girls**"! It's **degrading!!**

Good morning, ladies!

Don't call us "**ladies**"! It makes us sound **OLD!**

Good morning—uh—persons!

Too **im-personal!**

Hey, listen! I'm running out of **names** to call you!

That's funny! We're in our **second season**, and we haven't run out of names to call **YOU!**

Well! Is someone going to make coffee??

What choice do we have! You certainly don't know how to make it yourself!!

Oh, really?!? Well... I'll show you! All you need is one of those flow-through coffee bags with the little string... and you let it steep a while!!

Guess what!! I won't be working here much longer! I've got a job with more money, more responsibility and more respect!!

Juicy! That Cleaning Lady job came through!

We'll have to make a "Going Away Party" for you!!

Well, it's not 100% sure yet! So I don't know exactly WHEN I'll be leaving...!

What difference does that make! You KNOW how we love to throw parties around here!

That's true! I remember one day last month when I had to leave work early, you gave me a "Going Away Party"!!

AUDREY ROSE

This coffee is delicious, but it's a little weak!

That's because it's TEA!!

Well, this is going to be the new me! No more acting like the stupid, incompetent male Boss! Now, I'll get right to work if you'll please point out which door leads to my office!

Okay, girls! I'll start acting like a normal, intelligent Boss as soon as someone tells me WHY my office is filled up with pads, carbon paper, pencils and boxes of SUPPLIES!

Because that's the CLOSET! Your office is the NEXT door!!

Well... that was one last incompetent, stupid thing, just for old time's sake!

Oh-oh! Shhhh! Quiet! Here comes Razz!

What sort of strange activity is going on here?

We're working!

Ah-hah!! It's even a stranger activity than I thought!!

I have some good news for you all!

You're quitting!!

You've been fired!

You have a painful incurable terminal illness!

Y'know, sometimes I get the feeling you girls don't really like me!

Well, you ARE the Office Spy!!

I AM NOT!! And if you say anything like that again, I'll report you to Mr. Hard!

I BREAK FOR M.R.T.

TUNNEL OF LOVE

Don't forget, you're the one who said the company could save money by firing one person from each department....!

That's not true! I said they could save money by firing one person from each DESK!

But this time, I've told Management that we could get a lot more out of you girls with some Word Processing Equipment!

And we've told Management that they could get a lot more out of YOU with just a couple of glasses of cheap wine!

SECRETARIAL
POOL
NO DIVING

So starting tomorrow morning, you'll find a computer at each of your desks!

Why do each of us need a computer??

For one thing, to keep track of the plots for this series!

Who needs a computer for that?! A 3 by 5 index card and pencil is PLENTY! And there would STILL be room for NEXT season's stories!!

Incidentally, what are we doing with THIS as a plot?!? There are no sexual overtones in a story about COMPUTERS!!

Hi, girls! I'm Rock Forcefull! I'll be here all night installing your computers!

On the other hand, I ALWAYS wanted to be involved with the exciting computer age!

I'LL stay here and show you around!

I'LL stay here and make you coffee!

I'LL stay here and bear you children!

Girls! What are we saying?! We're doing exactly what we promised ourselves we'd never do on this series! We're acting like the STEREOTYPE FEMALE... and I won't be a part of it! I'm going home!

I admire you, Violent! You can walk out, and not even feel the urge to flirt with a handsome guy!

Well, I might flirt a little when I come back in a couple of hours! I'm going home to slip into something sexy and make him a dinner!

'Morning! So...? Did anything happen here last night??

What do you mean, "last night"?! On television, "night" lasts the length of a commercial break! What can you do in three minutes!

I once cheered up an entire football team in three minutes!

So nothing really happened between you and that handsome devil...?!

I told him we didn't have silly school girl quickie romances on this show!

But we DID make a date ...to have a quickie romance on ANOTHER show!!

KATHERINE

BOWLING

What's going on here! I stick my neck out to authorize **COMPUTERS** for each of you, and this is the **thanks** I get? I come in to find you all **watching television** instead of **working** at them!

Mr. Hard... **these ARE** the computers!

Well, of course! I knew that! You think I'm **stupid** or something! Listen—do me a favor! If any **cartoon shows** come on, **call me!**

Can I ask a question?? If the movie version of "9 to 5" starred **Dolly Parton, Jane Fonda** and **Lily Tomlin**, how come none of them wanted to do the **television show?**!

I guess that they felt it would only be **more** of the **same kind of thing...**!

What do you mean, "only **more** of the **same kind of thing**"?! The movie was a **COMEDY!!**

The phone's ringing!

So...? Answer it...!

But what's the name of the **COMPANY** we work for?! In **two seasons** of shows, I think I've heard it... maybe **twice!**

Gee... you know you're **right!** Take a look! Is it on our **stationery?**

WHAT stationery?! In **two seasons** of shows, we've never sent a **LETTER!**

RING

MOSS
ROSE
(YUCK)

Now that you **MENTION** it, why do we need computers in the first place? Gee, we do **absolutely nothing** for **five days** a week!!

Yes, but with our **computers**, we'll be able to do **absolutely nothing** in only a **day and a half!** That will give us so much **more time** to just **relax!**

Well, I think we should ask Mr. Hard to **get rid** of these **stupid computers!**

Get RID of them?! Hey, I want you girls to know I had to do some **very kinky things** with the **computer SALESMAN** to get these units for **\$5000** apiece!

Yeah... we can **imagine!** Since they're **SUPPOSED** to cost **\$4000** apiece!

Gee, girls! A "**Welcome Back Party**"! But, **WHY?** I haven't gone anywhere!!

Don't be modest! You went to the **Ladies Room!**

Y'know, girls, it's getting near the **end** of the **show**, and we haven't done anything **really significant** for the **betterment** of **Women in Business!**

I **did!!** At lunch, I smoked **THREE Virginia Slims!!**

WELCOME BACK
DOLLY LIFE

I'm serious!! What can we do that'd be significant for the betterment of Women in Business?

How about we drop some **WATER BOMBS** out the window?

What's so significant about **THAT...**?

We'll only drop them on **MALE SEXIST PIGS!!**

I know what we'll do! Mr. Hard had asked us to prepare something for the **Company Picnic** on Saturday! I'll use my computer to compose a poem about "**The Feminine Mystique**"!

I'll use **MY** computer to list the **accomplishments** of the world's great women!

And I'll use **MY** computer to get me a **HOT DATE!!**

Girls, **FORGET** about using your computers to help with the "**Company Picnic**"! Start thinking about the "**Company Wet T-Shirt Contest**"...! **ORDERS...** from **HIGH UP!!**

The **President** of this **Company** wants us to hold a—a "**WET T-SHIRT CONTEST**"???

No... **HIGHER** than that! The **Producer** of this **SHOW** wants us to hold a "**WET T-SHIRT CONTEST**"!!

These are the ratings for episodes with "**Women At The Office Should Be Treated Fair**" themes!

...and these... when we resorted to **STANDARD COMEDY SCHTICK!**

Gee, the TV audience at home **doesn't CARE** about **Women's Equality** at the Office!

Maybe! Or it could be that **men...** who are the **Bosses** during the **day...** are **ALSO** the **Bosses** over what gets watched at home!!

Y'know... sometimes we **DO** act silly! But we've made some **great strides** in this Company! We've made our Boss put **WOMEN** on the **Men's Softball Team...** and **WOMEN** on the **Men's Bowling Team...** and now **THIS...**!!

ROUND 1

Yeah, but somehow I get the feeling that **THIS TIME**, we went a bit **TOO FAR...**!!

THE RHYMES THEY ARE A-CHANGING DEPT.

ABSURD-OF-MOUTH DEPT.

Since the beginning of time, people have been looking desperately for ways of communicating with each other. It hasn't been easy, but the fact that after

all these years, we have finally succeeded is an important reason why we are all now living in such a beautiful and harmonious world where the catchwords

TORY OF NICATION

WRITER: LARRY SIEGEL

HIEROGLYPHICS

As languages began to develop, other methods of communication were born. The ancient Egyptians came up with "hieroglyphics,"

a clever form of "wall art," some aspects of which contributed immeasurably to the evolution of 20th Century communication.

COURIERS

About the same time, in ancient Rome, messages were being carried by fleet-footed couriers who sometimes ran hundreds of miles.

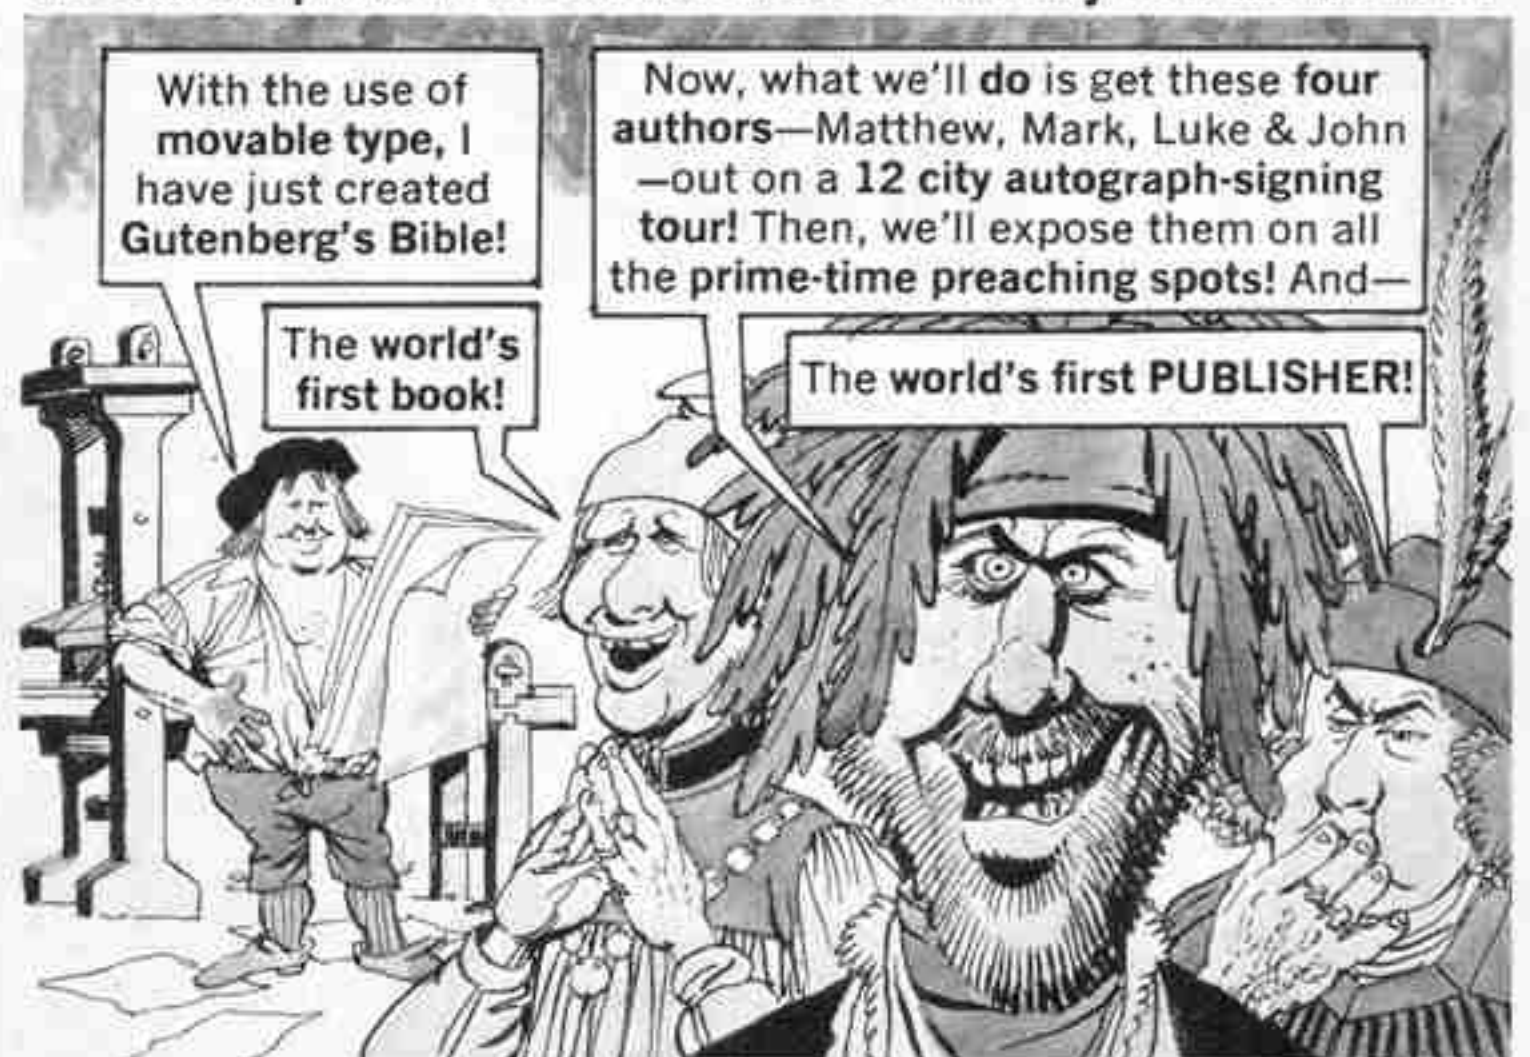

THE PRINTING PRESS

Before the advent of "print" media as we know it today, the written word was transcribed in a very primitive manner.

Monks, working laboriously with quills, often spent hours, even days, writing no more than four or five letters at the most . . .

Then, in 15th Century Germany, a fantastic phenomenon occurred. An obscure printer demonstrated a revolutionary new method . . .

THE TOWN CRIER

Some time later, far across the sea in the New World, the Town Crier became a popular method of communication. It was the Town

Crier's job to notify the Colonists of the correct time . . . and anything else of importance that might be happening in the area.

SMOKE SIGNALS

Further west on the plains, the American Indians were engaged in still another form of communication, using fires and blankets.

MAIL

In the middle of the 19th Century, the U.S. Mail System was officially established, further enhancing methods of communication.

A government agent on horseback could deliver a letter from St. Joseph, Missouri, to Dodge City, Kansas, in a matter of weeks.

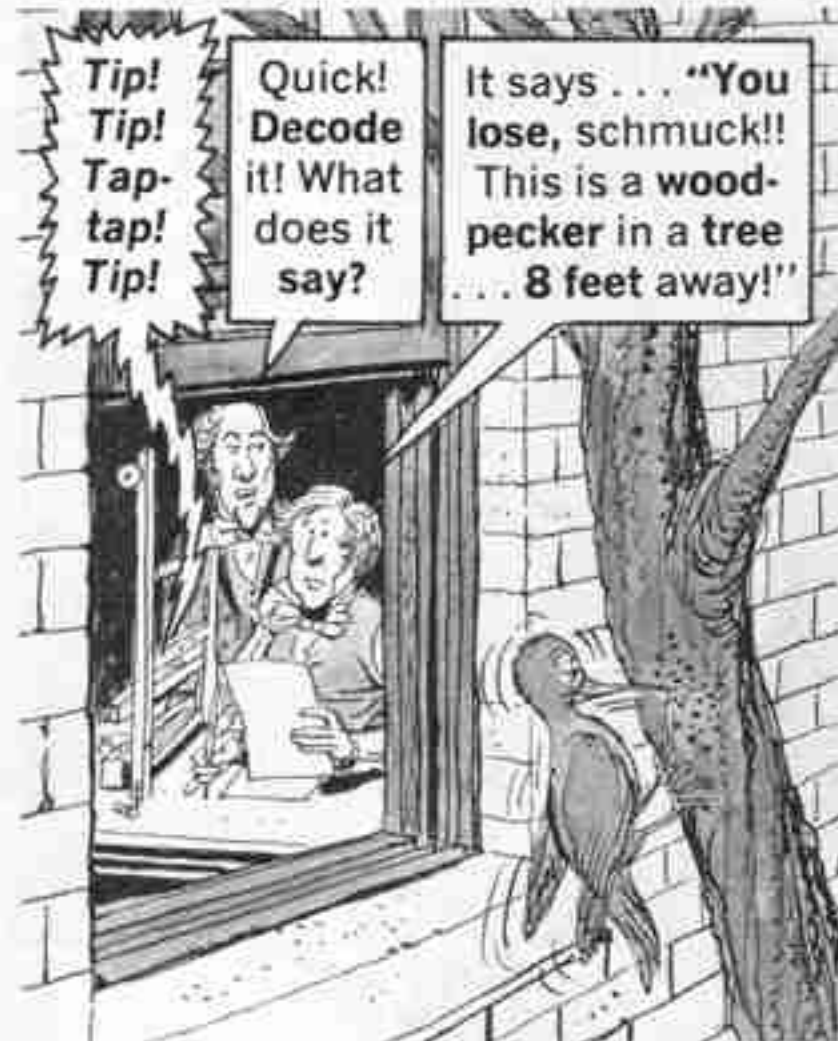

Today, thanks to modern postal techniques, a mailman can deliver a letter from Manhattan to Brooklyn in a matter of months.

THE TELEGRAPH

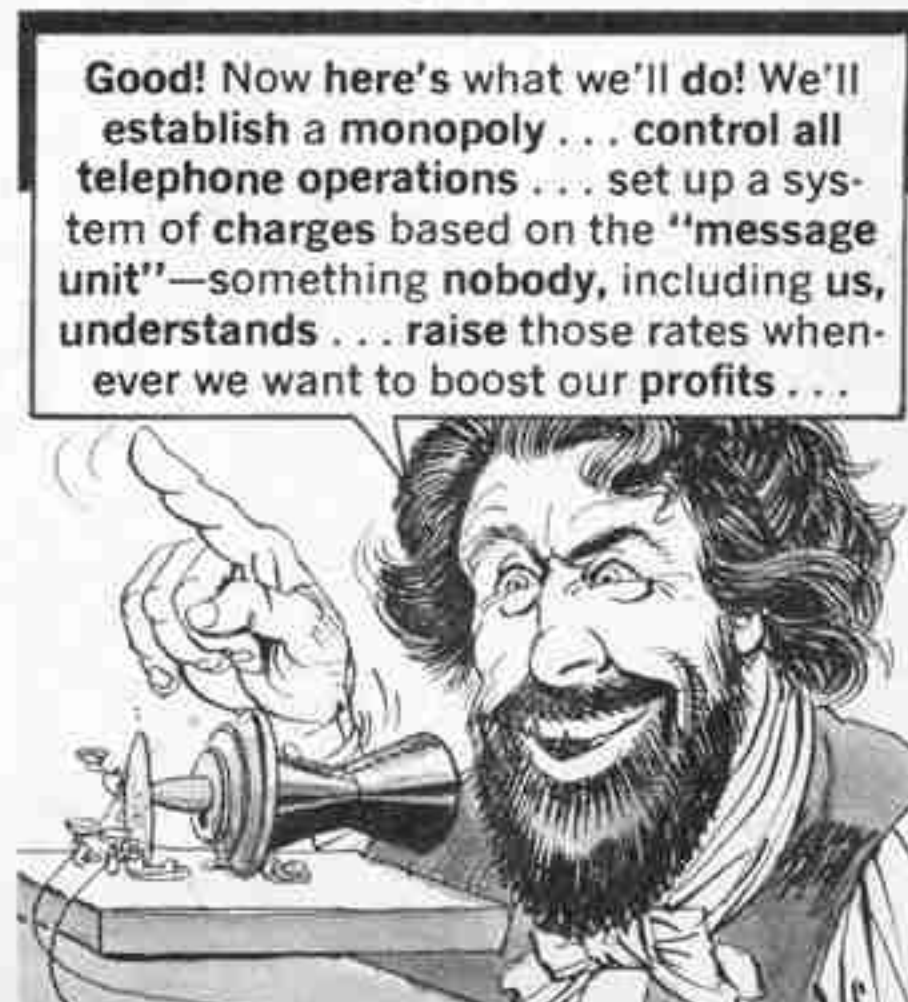

Concurrently in this country, a man named Samuel Morse perfected a revolutionary system of communication called the telegraph.

But before he finally succeeded, like so many other inventors, he had to undergo enormous periods of failure and frustration.

THE TELEPHONE

A few years later, Alexander Graham Bell came up with an even more remarkable invention that transmitted human voice over wire.

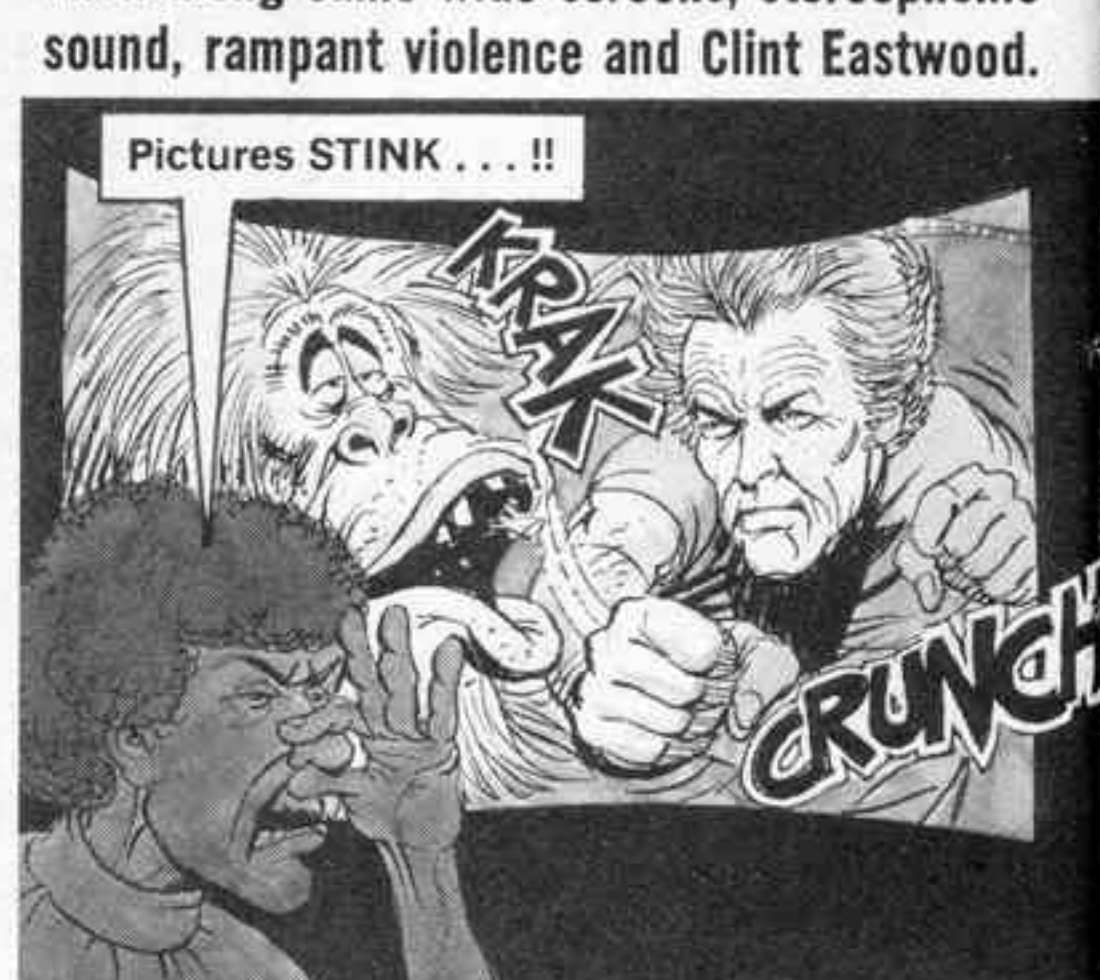

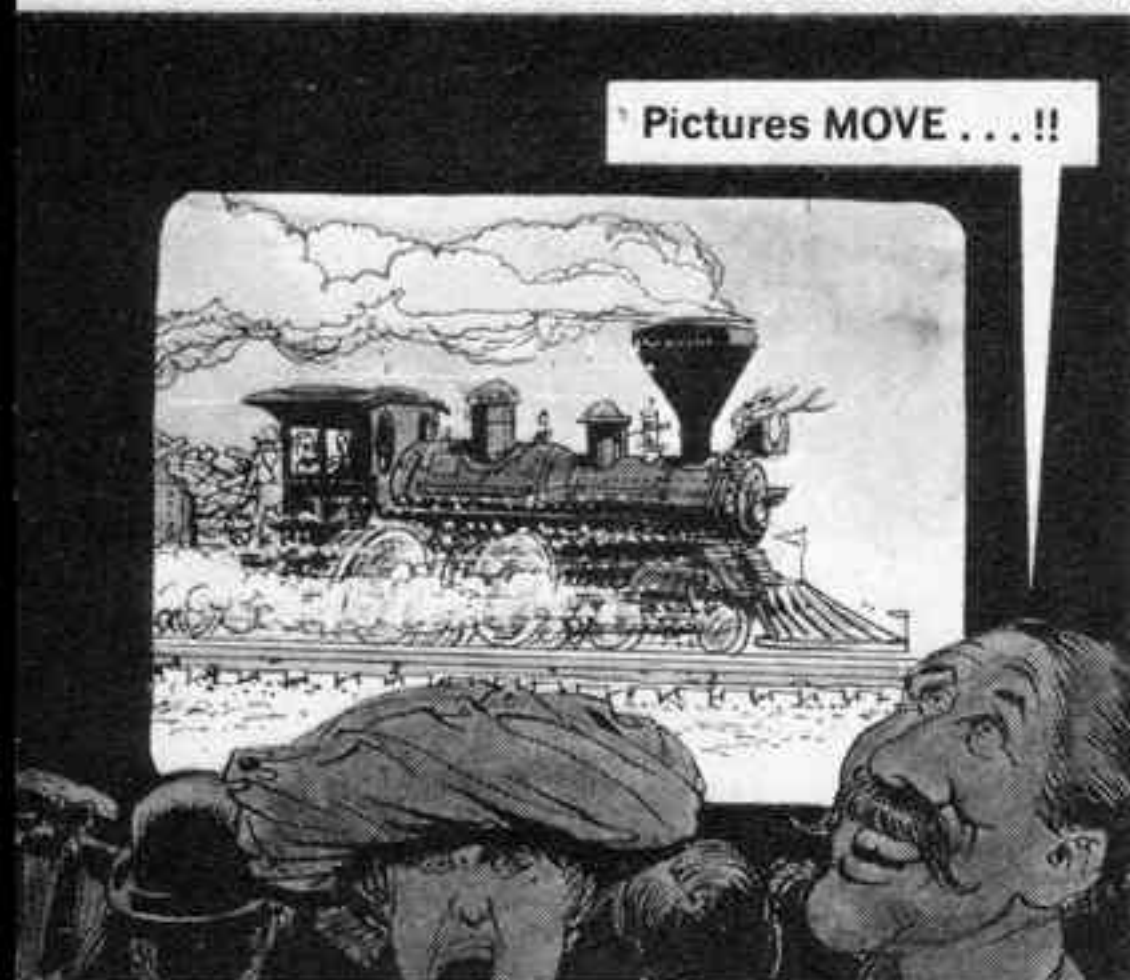

MOTION PICTURES

Then, in 1893, Thomas Edison, the inventor of the electric light and the phonograph, came up with a truly momentous development.

An enraptured audience reacted with shock.

In 1927, a new system was introduced.

Then along came wide screens, stereophonic sound, rampant violence and Clint Eastwood.

RADIO

Shortly after, Guglielmo Marconi invented the first wireless . . .

Today, almost one hundred years later, here's where we're at . . .

TELEVISION

Then, along came what may be considered the greatest invention in the field of communication ever . . . the perfect successor to

radio, a wonder called television. TV (as it is now known) has developed over the years, spawning such memorable creations as:

... Pop Music Shows ...

... Animated Cartoons ...

... And "Country & Western" SitComs ...

AND SO, IN ESSENCE, AFTER MILLIONS OF YEARS OF DEVELOPMENT ... THANKS LARGELY TO RADIO AND TELEVISION ... HUMAN

COMMUNICATION TODAY CONSISTS MAINLY OF CIVILIZED PEOPLE EXCHANGING IDIOTIC, UNINTELLIGIBLE NOISES. SOME PROGRESS!

Thinking about what career to get into? Wondering whether or not you'll fit in? Well, here's the second in a series of tests designed to help you choose your future line of work. Mainly, discover your true abilities by taking...

MAD'S APTITUDE TEST NUMBER TWO

WILL YOU MAKE A GOOD TEACHER?

1. You wish to become a teacher. This requires a fierce desire to:
 - A. Learn first-hand what it's like to live at the poverty level.
 - B. Discover how much abuse a human being is able to withstand.
 - C. Somehow survive until you're able to retire and draw your pension.
 - D. All of the above.

2. Looking at the above, you should be able to tell that it is:
 - A. The Faculty Lounge at a typical junior high school.
 - B. A teacher's version of a luxury apartment.
 - C. The set for a Senior Class play.
 - D. Any of the above.
3. As a high-school teacher, your class is disrupted by three unruly students playing a "boom box" at peak volume. What should you do *before* trying to take away the radio?
 - A. Make sure that your medical insurance is paid up.
 - B. Find out if injuries such as concussion and broken ribs will interfere with your teaching duties the rest of the term.
 - C. Have yourself examined by a qualified psychiatrist.
 - D. All of the above.
4. The three students punch you out. After you regain consciousness, you complain to the principal. You can count on him to tell you:
 - A. "Forget it. Boys will be boys."
 - B. "Forget it. Girls will be girls."
 - C. "It's obvious you're not getting through to them."
 - D. Any of the above.

5. Complete the following. In prestige, salary and respect in the community, a teacher's job compares favorably with that of _____.
 - A. A busboy.
 - B. A Haitian refugee.
 - C. A migrant worker.
 - D. All of the above.
6. For homework, you assign your class a difficult problem to solve. The next day you call on one student to give the answer. Which one?
 - A. The dumbest in the class so you can be entertained by his fumbling, bumbling attempts at an answer.
 - B. The worst behaved in the class so you can get some revenge for his turning your classroom into a shambles.
 - C. The smartest in the class so that *you* can find out what the answer is.
 - D. Any of the above.

7. As a teacher, you discover several students getting high on grass. Your proper response is to:
 - A. Be glad it's only grass.
 - B. Confiscate it, then take it home to compare it with your own.
 - C. Let them get stoned since they sleep through your classes anyway.
 - D. Any of the above.

27,932

8. A look at the numbers above should tell you that this teacher is:
 - A. Figuring out how many hours of moonlighting it will take for her income to equal that of a street-cleaner.

- B. Calculating how many more days of hell she'll have to face until Christmas Vacation.
 - C. Figuring how much in debt she'll be if she has steak *twice* a month.
 - D. Any of the above.
9. As a teacher, your summer vacation can prove of value, because:
 - A. You can make more in three months as a fill-in factory worker than in the nine you spend teaching.
 - B. It takes that long for the welts and bruises to completely disappear.
 - C. You can relax, mull over your life, and decide whether you might want to go into a less hectic, stress-ridden career, such as air traffic controller.
 - D. Any of the above.

10. You discover that one-fourth of your class is failing a required subject. What should you do?
 - A. Pass them anyway so you won't have to put up with them next year.
 - B. Transfer to another school where they don't know what a dud you are.
 - C. Realize at last that you are in the wrong profession.
 - D. Any of the above.

There was a **NOTE** on that **Order Wheel** from my **MOTHER!!**

Abnormal...your **Mother's** been dead for **TWENTY YEARS!**

Now you can **SEE** how **FAR BEHIND** we are in filling orders!!

Merry...did you know that Abnormal used to keep his **Mother's** body down here?! He'd talk to her in **HIS** voice —then answer in his **Mother's** voice! What do you think of that?

Sounds like if Abnormal had gone into **SHOW BIZ**, "**Wayland Flowers and Madame**" might have had stiff competition!!

Well?!? Did you arrest Abnormal for murder?!

We can't arrest him, Mrs. Looney! Because we don't have **proof** a murder was committed! We don't even have a **dead body!!**

You make me sick—the way you **stick** to the **very** letter of the **Law!!**

B-b-blood! BLOOD!! Blood is running out of the **TOILET!!**

Don't get upset, Abnormal! It's **nothing!** The **TIDYBOWL MAN** must've cut himself!!

I have to **answer** that! It's my **Mother** calling!

Abnormal, I **TOLD** you! Your Mother is **dead** for **twenty years!** Why would she be calling you now?

We have a **Party Line!!** Sometimes it's hard to get through!

Hello, Doctor! Come in! Would you like some **coffee**...some **tea**...some **cyanide?**

I mean, some **CIDER!**

Abnormal, **Merry** is **Liar Looney's** daughter! They want to drive you mad again by **undermining** your sense of reality!

Well, they **CAN'T DO THAT!!** I have no sense of reality!

Well? **NOW** do you believe your Mother is dead...?

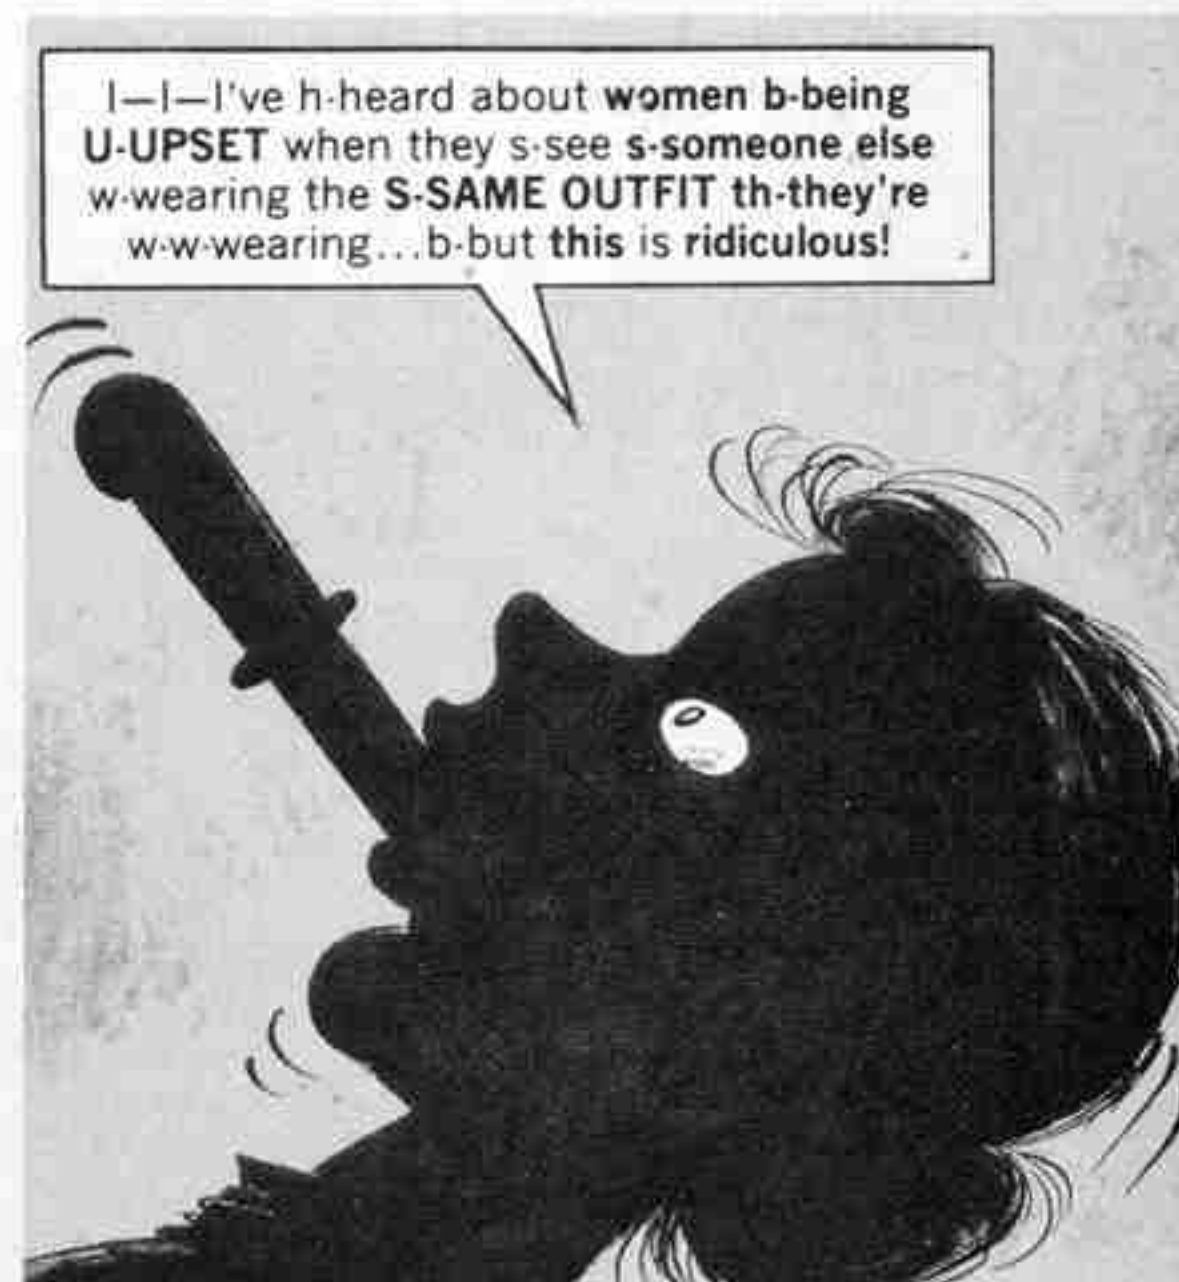

I—I think so, Doctor...! You **THINK** so?! Abnormal, she's nothing but a pile of **decaying flesh and bones!!**

Well, she **NEVER WAS** the picture of health!!

THWOK!

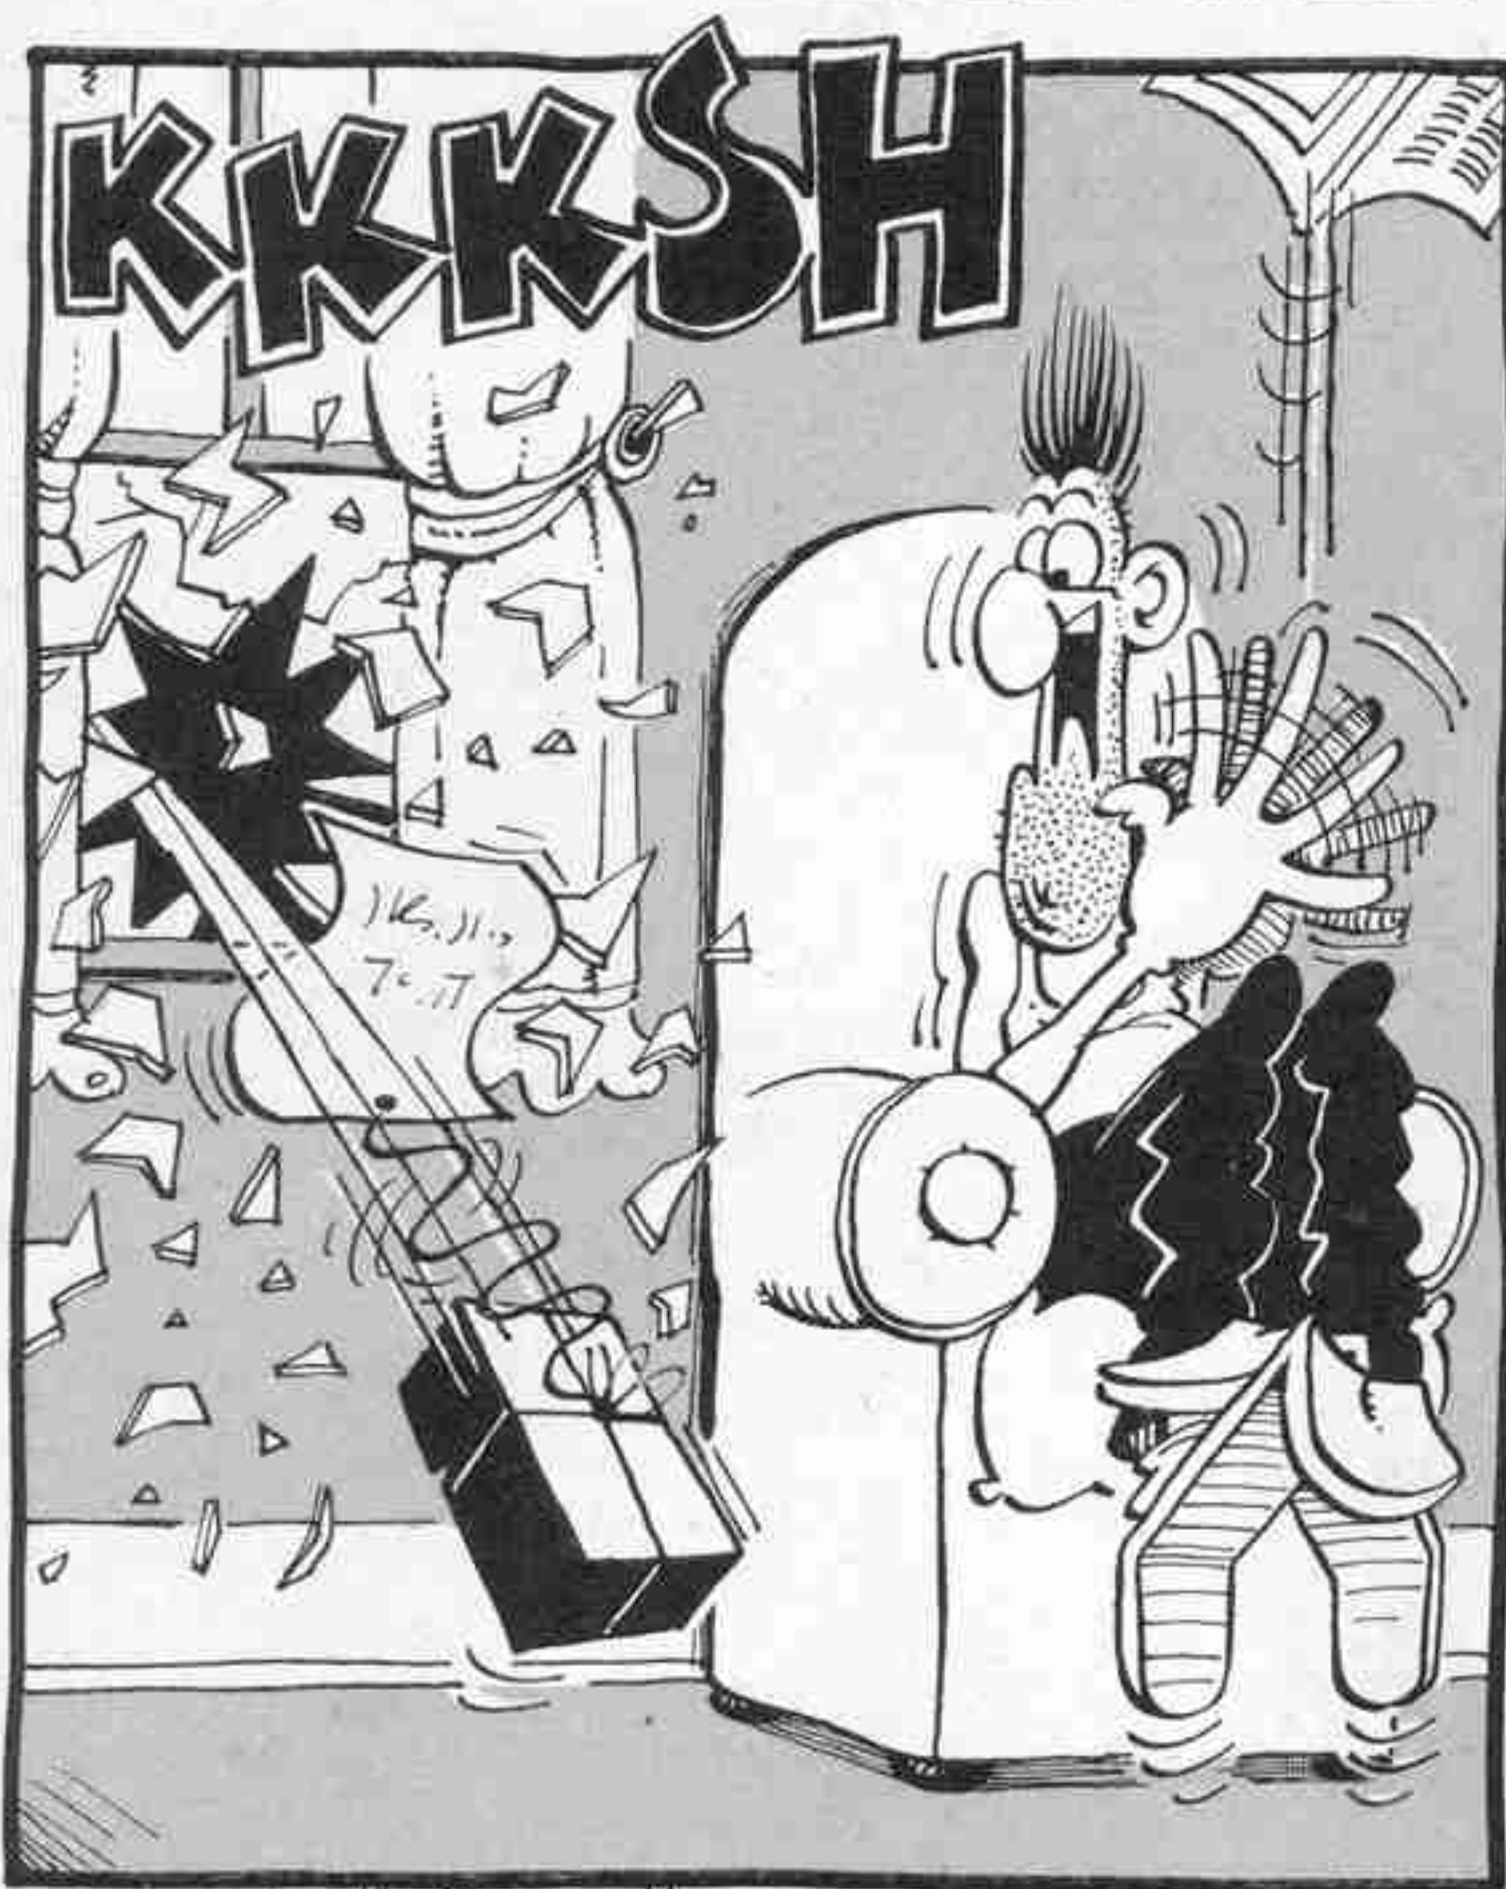

THWOK!

THWAK!
